Re: California Public Records Act Request

Dear Mr. Welsh,

This letter responds to your February 3, 2019 California Public Records Act ("CPRA") request to the Office of the Mayor of Los Angeles ("Office") seeking "All text messages sent and received by Deputy Mayor Jeff Gorrell on August 22, 23 and 24, 2016." ("Request").

Pursuant to Government Code § 6253(c), we are continuing to consult with relevant parties and will provide a written response to your Request no later than February 27, 2019. We are in possession of a small handful of documents that are responsive to your request, but we are trying to ascertain whether these records are subject to a protective order. Please let me know if you have any questions in the meantime.

Sincerely,

A blue ink signature, likely of Carlos Singer, written in a cursive style.
